Issue: May-June 2017

Susan G. Komen Oregon & SW Washington's priorities: early detection (education, screening, diagnostic services), survivor and forever fighter support, advocacy, and cutting-edge research.

A LETTER FROM OUR CEO

This past year's travel reminds our CEO the importance of treatment access. [Read more](#) about our work and where we need your help the most.

BOARD of DIRECTORS - Member Highlight

We are beyond thrilled to welcome two new members to our Board of Directors – Margaret Klein and Brandon Skinner.

<h1>DID YOU KNOW?</h1>	<p>Metastatic breast cancer (MBC) is breast cancer that has spread beyond the breast to other organs in the body. MBC is a stage of breast cancer—also known as Stage IV—that is treatable, but currently not curable. It causes nearly all of the more than 40,000 breast cancer deaths each year in the United States.</p>
