

## **2020 Komen Breast Cancer Issues Conference**

### **General Poster Session Call for Abstracts**

The Komen Breast Cancer Issues Conference will be held on April 4, 2020 at the Red Lion Jantzen Beach. This conference aims to provide education, support, and empowerment for breast cancer survivors, fighters, co-survivors, and health professionals. The annual conference covers topics such as risk reduction, the latest in research and treatment, and improving quality of life. A poster session will be held during conference breaks, in the exhibit hall, from 8:00 am – 2:15 pm. Presenters are welcome to be Komen's guest at the conference, which runs from 8:30 am – 3:15 pm. Information, as available will be on the conference website: <https://komenoregon.org/breast-cancer-issues-conference/>

### **Conference Goals:**

- Provide breast cancer survivors and forever fighters with information on advancements in research, treatment, and patient care, while providing a space for networking and support.
- Provide a forum for health professionals (nurses, social workers, physical therapists, and imaging technologists) to gather information on the newest research and treatment options while earning continuing education units.
- To provide an opportunity for clinical providers to share best practices for providing effective patient-centered care.

### **Please follow the instructions below for submitting your poster abstract:**

Abstracts must be submitted by **February 10, 2020** to [yflores@komenoregon.org](mailto:yflores@komenoregon.org)

#### 1. Potential Topic Areas:

- Survivorship
- Metastatic breast cancer
- Patient care
- Clinical oncology
- Epidemiology/risks
- Culturally specific care
- Palliative care
- Outcomes and health service research
- Recent breast cancer research developments
- Other

#### 2. Identify authors by full name, credentials, and affiliation.

3. Complete every section of the abstract and do not exceed 350 words (not including references).
4. Your abstract must include a summary of data. Abstracts that do not have any data to report will not be accepted.
5. Please submit your file as a Word document (.doc) with the primary author's last name. (Ex. *Smith\_BCI\_Abstract\_2019.doc*)
6. Please let us know how your poster is mounted. We will have poster boards and push pins for presenters unless otherwise requested.
7. The BCI Planning Committee reserves the right to accept or refuse an abstract. Abstracts will be reviewed, and the authors will be notified by email by February 14, 2020. Please contact Yoli Flores, at [yflores@komenoregon.org](mailto:yflores@komenoregon.org) or 503-546-7445, with any questions.

**2020 Komen Breast Cancer Issues Conference Abstract Template**
