Register Today!

Worship in Pink
Worship in Pink activities, educating congregations about the importance of screening in the early detection of breast cancer, will occur throughout October. We will Kick-Off Worship in Pink with a health fair at Maranatha Church on October 7, where the Tuality Mobile Mammography Van will provide mammograms.

Community Programs 2017-2018
Komen Project Support

Do you know a nonprofit organization that could use up to $2,000 by March 31 for a project focusing on breast cancer education and/or survivor/fighter support? We still have some funds available and would love to see them put to good use, especially in the more rural communities of Oregon & SW Washington.

Community Grants

We have revamped our community grants program to, hopefully, be able to fund more projects around our service area! Keep an eye on this page for more information and the Request for Applications, and save October 12, from 2-3:30 pm, for a Grants Training Webinar.

Breast Cancer Education

Northwest Metastatic Breast Cancer Conference

Join us September 22-23, in Seattle or online, and get the most current information on treatments, research trials, patient support, and national issues for stage IV/metastatic breast cancer. Check out the agenda and register here. If you have MBC and would be interested in staying in the home we have rented during the conference, contact Cindy at cfletcher@komenoregon.org to see if there is still space.

Breast Cancer Forum

You are invited to join us for lunch at the Hilton Eugene on Tuesday, October 10 for our second Breast Cancer Forum. Our keynote, Dr. Michelle Niesley, of the Clinic of Natural Medicine, will talk about reducing risk of recurrence and maximizing quality of life.
In-Service: Navigating Cancer-Work & Insurance
Cancer + Careers will be in Portland on October 13 for a free in-service for oncology healthcare professionals and advocates, providing training on the practical and legal issues patients, survivors, and caregivers face when it comes to cancer and work.

Metastatic Breast Cancer Dinner Series
Are you or a loved one living with stage IV metastatic breast cancer? Put these dates on your calendar for the next two installments of our Dinner Series: November 14, and February 8, 2018. More information will be on our Dinner Series webpage, as details are confirmed.

Breast Cancer Issues Conference
Make plans to join us on March 17, 2018, St. Patrick’s Day, where Dr. Kathleen Dunham, from Compass Oncology, will start our day talking about the psychology of treatment in decision making. BCI will be held in Portland at the DoubleTree Hotel by Hilton and livestreamed around Oregon.

Opening the Conversation
OSU is conducting a research study to find out more about how couples, where one member is a cancer survivor, communicate with each other and their healthcare providers about reproductive and sexual health after cancer. Find more information here.
