VIRTUAL SUCCESSES

CEO, Andrew Asato

As the fall arrives, the ongoing Coronavirus pandemic and summer wildfires continue to further impact our communities across Oregon and SW Washington, we hope you and your loved ones are safe and healthy.

During these historical times, we know that breast cancer does not stop, nor does our work to fight this disease and support those impacted by it. As you will see in this

newsletter, we successfully adapted to our 'new normal' and launched our first virtual [MORE THAN PINK Walk](#) on August 23. Participants took to their neighborhood streets and parks across Oregon, Southwest Washington, and beyond, to show their solidarity with their loved ones, survivors and forever fighters. [View photos shared by the community here.](#) We are deeply grateful for the fundraising effort that our participants have made and continue to make until October 31.

Warmly,

MISSION

Program Highlight - *Worship in Pink*

This year, we are celebrating the 10th anniversary of our [Worship in Pink](#) program with virtual activities. Last month, we trained 45 Ambassadors from 18 Portland-metro area churches on this year's program, as we look to educate the faith-based community on the importance of screening in the early detection of breast cancer.

Advocacy - Take Action!

On September 1st, our team joined the Komen Advocacy Summit and met virtually with five of the seven offices in our Oregon Congressional delegation. [Learn more about Komen's advocacy work](#) and take action in the following ways:

- Visit our new [Civic Engagement Center](#), where you can check voter registration status, learn more about your candidates, identify key dates, and learn how important the 2020 election will be in advancing the policy priorities that will ultimately allow us to better achieve our mission of ending breast cancer.
- Sign up to be an Advocacy Insider on [Komen's Action Center](#) and follow us on social media (Facebook-@SusanGKomenAdvocacy, Twitter-@KomenAdvocacy).
